

KiddieKlub

Topical Medication/Ointment Authorization

KiddieKlub does not provide topical ointments for children in our care. Parents are responsible for supplying the following topical ointments for their child(ren):

1) SPF 30 or higher sunscreen (REQUIRED) (lotion or pump spray only – no aerosol cans accepted)

(Children under 6 months of age will be kept in the shade and can bring in a light, long sleeve shirt or sun hat as an alternative to sunscreen.)

- 2) Diaper ointment or cream (optional)
- 3) Antibiotic ointment or first aid cream (optional)
- 4) A bottle of lotion (optional)
- 5) A tube of chapstick (optional)

Only products that are non-combustible and alcohol-free will be permitted for use. All items must be labeled with the child's first and last name and turned into the child's lead teacher. Parents will be notified when replacement ointments, lotions, or creams are needed.

I, _____ authorize KiddieKlub staff to apply any of the below
(Parent/Guardian Name)
listed products to _____, as the product may be needed or required.
(Child full name)

Please include the **full product name** of the product(s) you are providing.
